

## Whats New?

At Rebel Hair we believe in rewarding our loyal clients so at the end of last year we introduced our Membership Club which rewards you with vouchers from £10 off to free colour and cuts. You can earn these vouchers through repeat visits and / or by introducing your friends to the salon.

All new clients now receive a goody bag including a welcome pack, some introductory vouchers and free samples helping them to feel right at home straight away. And on their first visit they can browse through our new client book entitled "Rebel Hair - The Story So Far".

## Q & A

*Dear Martina*

*I feel my hair is dull and lifeless at the minute. What would you recommend?*

You need to get some shine and gloss back into your hair. I would recommend a Symbio Semi-Permanent colour treatment, still available at reduced rates in the salon.

*Dear Martina*

*I am getting married in a few months. My hair is shoulder length but I would like it longer to have more options on the big day. Help please!*

I would recommend that rather than permanent hair extensions, you try our clip in hair extensions, which are made from real hair, come in every colour you can imagine and are very easy to wear and very secure! They make your hair thicker and longer so you can wear it in whatever style you want on your big day. Come and talk to one of the stylists in the salon, to find out more.

## Martina's Little Helpers ... The Saturday Girls

My name is Roisin and I've been working at Rebel Hair for about a year now. I'm currently studying for my GCSEs and my favourite subjects are Art and German. I'm planning to continue with my A levels next year with a view to obtaining a place in an Art College to study interior design.

### Customer Event

We had our 1st customer event for some time in November. Over 40 clients and friends joined us to enjoy an evening of mulled wine and mince pies. Karen from Wella was on hand to give advice about haircare and sponsored goody bags for all our guests as well as the main raffle prizes.

Our next event will be to celebrate Rebel Hair's fifth birthday so look out for your invitation!
